

## Papiliovent PV300-200 Frameless Extract Grille

Ceiling or Side Wall  
Mounted

For larger ventilation  
requirements.

Plaster board or tiled ceilings  
and walls.

Dimensions: 300 x 300 overall  
Plaque size: 250 x 250  
200mm dia top exit spigot

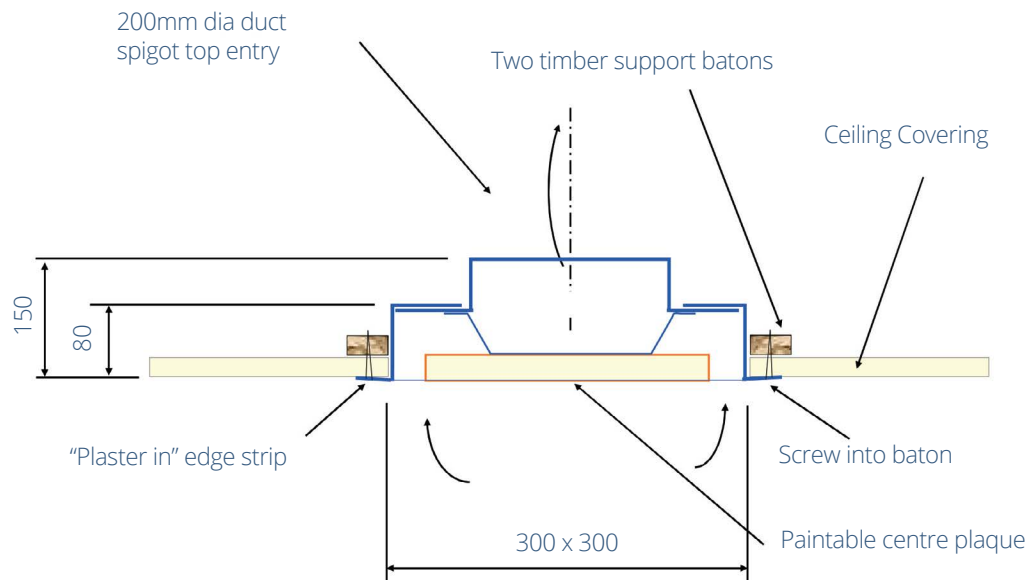

A minimalist grille showing only a negative detail  
300mm square 25mm w x 50mm d. Framework  
and fixings are not seen.

Once the unit is plastered in place the flexible  
duct is pulled down through the hidden frame  
and attached to the central plaque and spigot  
using simple and completely invisible screwed  
fixing.

The exposed surface of the plaque is level with  
the ceiling and can be painted if required at the  
same time as the ceiling.
